**COMMENTS:**

This bill would create the California Cancer Research Fund and add it to the personal income tax return as a voluntary contribution fund.

The June 5, 2008, amendments would make non-substantive changes to the name of the fund by removing the words "Northern" and "Center". The amendments would also add a grant process for distribution of the monies to be administered by the State department of Public Health. These amendments would not impact the department's programs and operations or state income tax revenue.

The department's analysis of the bill as amended March 24, 2008, still applies.
